

# PE & Sport Premium Funding

## Amount received this academic year

£9,344

## Breakdown of the funding spend this year

External coaching providers to teach PE within school for Year 3 and 4 weekly. (£9760)

Year 6 to be coached by external providers at the Xcel Leisure centre for two hours each week. (£500)

Transport to PE lessons, swimming\*and competition events (£2925).

\* This is partially subsidised by parents (£1700).

## Effect on pupils' PE & Sport participation and attainment

Our aim is for Park Hill children to take part in an increasing number of inter-school competitions throughout the academic year. These will include; sports hall athletics, rowing, football, dodgeball,

We will continue to compete in cross country events and will actively explore ways to attract more pupils into the sport.

Year 3 & 4 will continue to swim at the Xcel Leisure centre throughout the year with the Autumn term for 3M, Spring term for all of Year 4 and the Summer term for 3N. We will target specific pupils who require additional lessons to ensure as many children can achieve their 10m and 25m badges.

Currently we have 16 extra-curricular activities within school with an aim to have more on offer as the year progresses. Consequently, a higher percentage of children will be able to access the clubs and be encouraged to join local clubs so they can continue to develop their skills.

Our school ethos will continue to promote a love and enjoyment for physical activity through assemblies and key events throughout the year. A second strand will be to emphasise positive behaviour through key values and to encourage healthy lifestyles within school.

Inter-school house competitions will allow all children from Years 1-6 to compete for their house and demonstrate key values such as respect, team work, determination and resilience.
