

Dear Parents

Next week we are celebrating Easter with an Easter craft week.

Your children have come home this weekend with little bit of homework. We are asking them to design (and make them if you have the time, winners however will be picked from the designs alone) an **Easter bonnet**. We will judge and share them on Thursday so make sure they are returned by Thursday 11<sup>th</sup> April and PTA will provide a small prize for the winner.

We will also have an Easter egg hunt on Tuesday afternoon provided by the PTA.

During the week we will find out more about the celebration of Easter by sharing the Easter story. We will make Easter cards and use our phonic skills to write messages to our families.

We will practice our number value correspondence counting Easter eggs. We will find out more about different life cycles as we link it with the theme of new life.
