19th January 2021

Dear Parents,

I hope you are all keeping well. I wanted to extend a further thanks to you all for everything you have done to reduce the number of children in school and keep us all safe.

As you can imagine during this ever-changing situation, we are constantly reviewing the things that we can do to support the government message of "stay at home" by reducing the numbers of adults and children in the building and those moving around in the community as much as possible. With that in mind I feel it pertinent to keep you updated with the changes that we have made within school to support that. If the adult to child ratios for pre-school have been met, we will endeavour to further reduce the total number of people within the department by sending adults home to support with remote learning. This has two benefits: one reducing the amount of people within the department, therefore reducing virus transmission, and two reducing those people leaving their homes in general to come to work.

In order to manage this effectively, there may be times or days that the Acorns and Oaks children come together in the Oaks classroom. We did not want to start to do this without informing parents that this would be the case and we will of course direct you to the room that will be used on that day as you arrive. If this has made you rethink your decision to send your child into school, please let us know as soon as possible.

We would like to reassure you that if anything changes for yourself or your family which means that your child can stay at home then you can contact us at any point; we appreciate that situations around work and childcare may change and we will do our very best to support you. You will not be charged for sessions not attended due to COVID and the current lockdown where you make the decision to keep your child at home.

If you need to discuss this at any point please feel free to give myself or a member of the team a call or send a message on ClassDojo and we will get back to you as soon as possible.

Kind regards,

Mrs McBride

Early Years Leader.
