

Coventry Complex Communication Team will be delivering a series of 5 free workshop sessions aimed at parents and carers of children and young people on the Autism Spectrum and with complex communication needs.

Each session will be delivered virtually through Microsoft Teams and presented by a specialist practitioner in the field of Autism. There will be a series of sessions focusing on a range of topics, which include:

- **Week 1- Thursday 10th June: Supporting your child by understanding their Autism; your child and their Autism**
- **Week 2 - Thursday 17th June: Supporting your child with self-help and independence**
- **Week 3 - Thursday 24th June: Supporting your child and their sensory processing differences**
- **Week 4 - Thursday 1st July: Supporting your child and their behaviours**
- **Week 5 - Thursday 8th July: Supporting your child with their learning**

The aim of each session will be to:

- To raise an awareness of how Autism affects your child
- To develop a shared understanding of some of the challenges that our children face, and the strengths they can bring
- To increase your confidence in understanding and supporting your child
- To build up a bank of ideas and strategies that can be used to support your child

All sessions are 4.30pm-5.30pm. Whilst we appreciate you may not be able to attend every session due to work/family commitments; we do ask that you do your best to attend week 1 as this provides the foundation for the remaining sessions, and that you are able to commit to at least two of the following sessions.

Please email BSCLimbrickWoodCentre@coventry.gov.uk if you wish to attend any of these sessions. You will receive MS Teams invitations for each individual session.
